

# XRT Forklift

High Capacity.  
Super Strength.  
Ultra Power.

SHOWN IN STANDARD ORANGE COLOR OPTION

## 74HP

| KOHLER-KDI 2504TCR | 4-CYL | TIER 4 FINAL |

## The ultimate material mover.

This is it — the ultimate rough terrain forklift! The Hummerbee XRT is the latest machine in the evolution of the Hummerbee forklift lineup. When it comes to material handling, the XRT is unsurpassed in its class. It's smoother, faster, stronger, and more robust than any machine that has come before it. More power, new articulated joint design, improved transfer case, upgraded joystick controls, and a greater lift capacity are just a few of the advancements that make this the ultimate Hummerbee. Evolved from a 35-year heritage, the XRT was born to rule the roughest terrain!

# Hummerbee XRT

## ROUGH TERRAIN FORKLIFT

### BORN TO RULE THE ROUGHEST TERRAIN

#### Unstoppable Power at your Command

The Hummerbee XRT is the heavyweight champ of rough terrain forklifts. It's a virtual pack mule for your apiary, orchard, farm or construction site — but much quicker on it's feet.

The 74HP Kohler turbo diesel is the biggest and baddest engine in it's class. But the XRT doesn't just rely on the engine to flex its muscle. The 21 GPM combined hydraulics flow readily commands the heavy-duty mast or any other auxiliary tools you can match it up with. And, the 4WD, 2-speed hydrostatic transmission with on-the-fly shifting, eagerly propels the XRT through the most challenging terrain.

And, to be sure the XRT keeps on hauling all day long, its Tier 4 Final, turbo-charged power plant is armed with an intercooler to reduce NOx emissions, boost power, and lower engine temperature for peak performance, and longer engine life.

#### Strength and Stability when you Need It

High-grade, US steel body panels, best-in-class lift capacity, and a robust, 6,300 lb. weight package, makes the XRT virtually indestructible. But don't let its size fool you! Equipped with an articulating center joint, an oscillating trunnion-drive rear axle, and our exclusive load cushion technology, the XRT is stable enough to safely and effortlessly navigate any terrain.

#### Technology at your Fingertips

The intuitive, multi-function joystick controller and electronic control switches allow for intuitive, on-demand tool and load adjustments. Our exclusive, easy-to-read digital ECU display is programmed to provide accurate, real-time engine statistics, along with a configurable scale gauge.

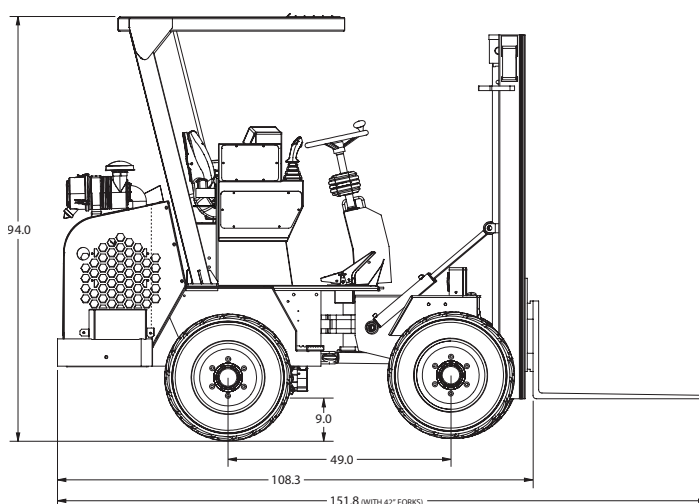

Rounding out the control console is an integrated engine systems diagnostics port. Quickly diagnose any fault codes thrown at you for faster troubleshooting and maintenance. And, if an ECM upgrade is required or released by the engine manufacturer, Hummerbee will provide the file to be uploaded directly into the ECU via the diagnostics port.

#### Peace of Mind

We're so confident in the quality and durability of the Hummerbee XRT, we back it up with a 2-Year, Parts & Labor Warranty.

#### XRT Specifications:

Engine:	Kohler-KDI 2504TCR, 4-Cyl., Tier 4 Final
Horsepower:	74 hp @ 2,600 RPM, Turbo Charged
Torque:	221 Ft-Lbs @ 1,500 RPM
Transmission:	4WD: 2-Speed Hydrostatic
Maximum Speed:	12 mph/High; 6 mph/Low
Fuel Capacity:	12 gal Tank
Hydraulic Oil Capacity:	12 gal Tank (10 gal max fill leve)
Hydraulic Steering:	5 GPM
Aux. Hydraulics Flow:	16 GPM
Total Weight:	6,300 lbs. w/Liquid Filled Tires
Fork Length:	42" Standard; 48" Optional
Overall Length:	108.3" w/o Forks; 151.8" w/42" Forks
Overall Width:	55.4" w/Standard Tires
Overall Height:	94"; 104" w/Optional 144" Mast
Maximum Mast Height:	126" Standard; 144" Optional
Maximum Lift Capacity:	3,000 lbs.; 4,000 lbs. w/Counterweights
Mast Side Shift:	6"
Mast Tilt:	16 Degrees
Max. Articulation Angle:	33 Degrees
Frame Oscillation:	+/-8 Degrees
Standard Tires:	29x12.50x15; Liquid Filled; Ag
Wheel Base:	49"
Ground Clearance:	9" from Ground to Transfer Case
Standard Colors:	Yellow, Green, White, Orange, Red
